The Colorado Motor Vehicle Business Group has contracted with a private company, Explore Information Services, to develop a database to match insurance information to State motor vehicle registration records. **Our records indicate that current insurance policy information has not been received from your insurance company on the vehicle listed above.** If you drive this vehicle without proof of insurance, you are subject to having your driver's license confiscated and a ticket issued for no proof of insurance.

If you are not insured:

If you do not have insurance coverage on the above listed vehicle, the registration will be suspended effective: 6/9/04 unless you provide proof of insurance to Explore Information Services prior to that date. Should your vehicle registration be suspended, you will not receive a refund of ownership taxes already collected, and **you will not receive a registration renewal notice(s) from your county motor vehicle office.**

If you are insured:

If you are insured, we need your assistance to correct our records. Your insurance data **cannot** be updated by providing proof of insurance to your county motor vehicle office. Please follow these steps:

1. **Contact your insurer and have them send your policy information to Explore in their next scheduled monthly load.**
2. You can also use our new website to instantly update your proof of insurance information at www.driveinsured.com/co/proof
OR mail or fax one of the following documents as proof of insurance coverage to Explore Information Services:
 - An insurance card OR declaration sheet, which comes with your insurance policy
 - A letter, on company letterhead from the insurance company or insurance agency verifying insurance coverage.
 - An insurance binder to policy. (Sheet given by insurance agent at time of purchase)
 - Proof of self-insurance. (A certificate issued by the Commissioner of Insurance)

***Any proof of information sent to Explore will expire after 45 days, unless your insurer confirms coverage.**
