

Doc,

I don't think the statute authorizes the relief Mr. Gorton seeks and wanted to make the judge aware of the People's position ASAP so I filed this response this morning while at the courthouse.

You may want to contact me regarding the facts you alleged regarding the dismissal of the violation of restraining order case as you may have been misled. The registry of action does not reflect the dismissal of the 2nd case & I spoke with Kathy McGinnis this morning and she confirmed that the 2nd restraining order case was not dismissed. Rather, the matter proceeded to trial at which Mr. Gorton was convicted.

Sincerely

Mark
